Re: Letter of Appreciation

I want to thank you for another successful season of parking lot maintenance and concrete work on our portfolio of properties we manage. Specifically I am pleased with the "Pedestrian Plaza" remodel at the Bozeman Shopping Center. Finishing on time and within budget during the winter months, several cold spells and the Christmas season challenges made our office look good to the center ownership and tenants and pleased the city planning and building departments who were also under a deadline per the permits and project development agreement.

The quality of work was all I could hope for; we are seeing little or no cracking, settling or spaulding of those wide sidewalks and the tenants are grateful for a curb-face instead of parking blocks for the customers of the center to park against.

Please let your concrete foreman know that I have referred several projects to your office due to his efforts of communication, scheduling and making time for me when I had questions or concerns.

Congratulations on a season well done and we will be in touch for your bids for next years maintenance needs.

Warm Regards,

Jesse Asher, President
